

## ALVAR: HIS VISION AND HIS ART

This stirring and inspirational documentary celebrates the vision and art of one of Spain's major living artists, Alvar Sunol. One of the most collected artists in the world, with a loyal and growing following that now spans three generations he is best known around the world simply as "Alvar." Recognized for painting, lithography, sculpture and ceramic work, he was commissioned for monuments in Paris to honor Pablo Casals, and in his hometown of Montgat, honoring Mediterranean culture. Respected actor Monte Markham is the voice of Alvar, as this program weaves the artist's highly personal and immediately recognizable imagery throughout, telling his lifelong story. Shot on location in Spain and the United States, here we see and learn how his art evolved, and we are at once absorbed into Alvar's "universe" - an idyllic world of nostalgic fantasy, where villagers interact with one another in harmony, where lovers unite, where parents watch over their young, and all break bread together. Here we not only learn of the artist, but also of his message, to learn to listen to the music of life, to enjoy the arts and to celebrate the harvest of earth's bounty.
